Operating times: from 9.00 to 16.00 hrs

Summer service: from end June to, provisionally, September 2012

Innerkremstal ticket office times: from 8.00 hrs to 16.30 hrs.

Children born in 2006 or later are transported free, if they travel between their parents' legs.

The issue of family, youth, children's and seniors' cards is only possible on the production of valid ID.

Lost lift cards are not replaced. The subsequent **exchange of a lift card**, transfer to other persons, extension or deferment of the period of validity are **not possible**. Any misuse results in the immediate confiscation of the lift card without compensation.

Bad weather, danger of avalanches, unforeseeable departure, interruptions to service, closing of runs, etc are **no basis for claims** for a **refund or extension**.

Lift cards which are only valid on one day are not refundable.
Refunds are only given for sports accidents, if the lift card is handed in to the ticket office without delay.

The **days of use** are the days from the issue to surrender of the lift card. If surrender takes place up to 9.00 hrs, that day is not charged.
After the production of a doctor's certificate (can happen later), the remainder of the amount will be refunded.

Skiers who suffer **damage** through our fault must notify the manager or the lift office the same day, and fill in a damage claim form, otherwise the damage cannot be compensated.

Lift cards are to be visible to the lift staff.

POINTS CARDS are on sale by the Practice Lifts, and are also only valid for these facilities (1 journey = 1 point)

The last piste check takes place after the end of the lift service.

On Stubeck, the tobogganers' mountain (12 km from Gmünd) – the winter has a few surprises for you, and certainly not everyday ones!

For example the **8 km natural toboggan run** – on the access road or the **4 km piste toboggan run** on the Sonnalm Stubeck from the "Eggenkopf".

For piste tobogganing, ascent is only possible by **Gipfeltaxi** summit taxi (Minimum: 8 persons). From the summit you can then hurtle down along the piste, on skis or toboggan, back to the lodge.

At the Frido-Kordon-Hütte there is also a fairy tale meadow, where children and parents can let off steam (evenings under floodlight). And a curling rink invites one to have fun. Numerous options are available here for winter hiking and touring. It's really cosy and delicious when one returns to the Frido-Kordon-Hütte or the Wöflbauerhütte to get one's strength back.

It is possible with pre-booking to be collected by the **Rodeltaxi** tobogganers' taxi at the bus stops along the access road (subject to charge). There is also the option of being collected direct from your accommodation. Guided snowshoe hikes possible on request and registration.
